

City of Monticello Street Department

Frank Arthur, Superintendent

May 1, 2025

Monticello Residents,

As you know we are in the middle of our annual spring clean-up campaign. The first week on the east side of Main Street took us several more days than we had planned. We are struggling with Waste Management to get containers emptied and have room to pick up the trash. We are working to get this taken care of as quickly as possible. The second week on the west side of Main Street is this Saturday May 3. Unfortunately, I believe our issues with getting containers emptied will continue and we most likely will not get everything picked up on Saturday. Rest assured we will get through the entire west side and get everything picked up; it will probably just take us most of the week. Brush pick up is also scheduled for next week and we will probably be running late on that also. My apologies to everyone for this delay, however we will get all of this taken care of and get back on schedule as soon as possible.

Frank Arthur, Superintendent
